WEST SUSSEX

Welcome to West Sussex

The Bed and Breakfast Club, formerly The Bulldog Club, is delighted to announce its expansion into West Sussex.

This month it has added its first West Sussex bed and breakfast to its superb portfolio of hand-picked homes. To date, the majority of The Bed and Breakfast Club's portfolio of stylish properties has been London based. Inevitably, London features on everyone's itinerary when visiting the UK. Explore further afield however, and England shows many equally exciting and diverse faces: stunning landscapes, rocky coastlines and historical gems.

West Sussex, a new area for The Bed and Breakfast Club, combines coast and countryside for a break with a difference. The South Downs includes some of the most stunning and quintessentially English landscapes in the country offering popular walking and cycling ground. As well as unspoilt countryside, you're never far from the sea in West Sussex – with stunning beaches perfect for picnics and watersports.

We have been very impressed by the outstanding quality of the bed and breakfast accommodation in West Sussex. We will be adding many more West Sussex homes to our selection of hand-picked accommodation in the coming weeks. Our first West Sussex property, based in West Wittering (pictures opposite), offers a character of its own and sumptuous surroundings. Our new hosts are warm and inviting and offer a personal touch that can only be found when you are a guest in a private home.

ABOUT US

The Bed and Breakfast Club offers guests upmarket bed and breakfast accommodation in exceptional, hand-picked private homes in London and the UK. Each property is chosen on its individual merits and each has a unique style and feel. What all properties have in common are stylish and beautiful interiors at affordable prices.
